ABOUT ME

As a dedicated **React developer** , I bring a passion for creating seamless and interactive user interfaces to enhance the digital experiences of users. With a strong foundation in JavaScript and in-depth knowledge of React hooks, state management, and API data retrieval, I have successfully contributed to the development of user-friendly web applications. My expertise includes translating design mockups and wireframes into responsive and dynamic web pages, optimizing applications for maximum speed and scalability. Moreover, I collaborate with back-end developers and designers to bring a project to life and am skilled in writing clean, maintainable code while following best practices in web development.

EXPERIENCE

› Junior React Developer, Optimum Tech Faisalabad
April 2023 - Present

Diligent React developer with 6 months of hands-on experience in building dynamic and responsive web applications. I have a proven ability to translate design specifications into functional user interfaces, ensuring seamless user experiences. My experience includes collaborating with cross-functional teams, troubleshooting technical issues, committed to delivering high-quality code and exceptional user experiences.

› Front End Internee, Optimum Tech Faisalabad
Jan 2023 - Mar 2023

Resourceful frontend developer with a solid foundation in HTML, CSS, and JavaScript, gained through a successful internship experience. During my internship, I demonstrated a keen eye for design and a strong ability to transform creative concepts into visually appealing and functional web interfaces. I actively contributed to crafting responsive websites, ensuring seamless user interactions and exceptional user experiences.

EDUCATION

› Bachelor's In Computer Science
Aug 2023 - Continue

I've recently started my Bachelor's in Computer Science at Riphah International University. This journey marks the beginning of my exploration into technology, programming, algorithms, and problem-solving. I'm excited to dive into the diverse aspects of computer science and gain the skills needed to tackle complex challenges and innovate in the ever-evolving tech field.

> Intermediate In Computer Science
May 2020 - May 2022

I Have Successfully Completed My Intermediate Education From Shiblee College In The Field Of Computer Science (ICS). During This Academic Program, I Gained A Strong Foundation In Various Aspects Of Computer Science, Including Programming, Data Structures, Algorithms, And Computer Applications.

> Web Designing Course
Oct 2022 - Dec 2023

I Have Successfully Completed A Comprehensive Web Designing Course, From Optimum Tech Equipping Me With The Skills And Knowledge To Create Visually Appealing And User-Friendly Websites. Through This Course, I Have Gained Expertise In HTML, CSS, JavaScript, And Responsive Design Principles, Enabling Me To Design And Develop Modern And Effective Web Solutions.
